## 37c Flag coil is last printed on BEP's Andreotti press

(Editor's Note: The following has been prepared based on information in the June 20 issue of *Linn's Stamp News* and Ken Lawrence's 1990 *Linn's Plate Number Coil Handbook*.)

Coils of 100 37c Flag stamps were the last stamps to be produced by the U.S. Bureau of Engraving and Printing early in June. In its final contract with the U.S. Postal Service the BEP was printing 5 billion of the Flag stamps this year. A BEP official told *Linn's* it was unknown if the stamps would be needed before the rate change expected early in 2006.

It was unknown at this writing what plate numbers were used on this printing. Plate information from the BEP has been extremely difficult to obtain for many years. Many collectors would like to know this information. It would be worth noting this in collections because the BEP has been the chief printer of U.S. stamps for more than a century. There's always the possibility that this final stamp will have some sort of microprinting or other feature that will be announced or collectors will discover.

According to Lawrence's book, the first PNCs produced on the Andreotti press were the 'D' rate change stamps. Among later printings were the 18c George Washington Monument stamp, the 21.1c Letters and the 'E' Earth rate change stamp.

Also produced on the Andreotti press were the 20c Birds and Flowers, the 15c Coral Reefs, the 18c Space Achievements and the 20c Balloons.

Lawrence wrote that the first three coils 'D,' Washington and Letters "were duds, poorly printed and unpopular with users and collectors alike."

The BEP apparently will try to sell the Andreotti press but some doubt the 35-year-old equipment will find a buyer. Last year the BEP ended up scrapping its F press when it was shut down. BEP officials have said they plan to maintain records in its Historical Resources Center.

#### Message from the President:

## STAMPSHOW August 4-7 Grand Rapids, Michigan

PNC<sup>3</sup> will hold its annual meeting in conjunction with the APS STAMPSHOW in Grand Rapids, Michigan, August 4-7.

The two-hour meeting will be held Saturday August 6, beginning at 2 p.m. in room G103. During the first hour I will give you information from the morning PNC<sup>3</sup> Board meeting, introduce officers and PNC<sup>3</sup> Board members present, and give members time to ask questions or give information about PNCs. Typically there are multiple door prizes to give away. The last hour is reserved for meeting other members and trading.

Saturday morning at 9 the PNC<sup>3</sup> Board will meet for three hours in room G106. PNC<sup>3</sup> members are welcome to attend. I encourage those thinking of running as an officer or board member to be there. All of our current officers have served two terms and per the bylaws must be replaced next year.

A seminar entitled "Introduction to Plate Number Coils" will be offered twice during the four days of STAMPSHOW. This is for new PNC<sup>3</sup> members and others at the show who want to learn more about our collecting specialty. If you are a veteran PNC collector at the show on Thursday or Friday, you are welcome to come see the Power Point presentation and help me answer questions that may come up.

The first "Introduction to Plate Number Coils" is on Thursday, August 4 in Monroe Meeting Room B at 3 p.m. The second offering is on Friday, August 5 in room G101 at 4 p.m. Each seminar lasts one hour.

On Friday August 5, the first class presort American Eagle will be reissued in a roll of 3,000. It's not clear if this 25c non-denominated coil will be different from what we already have. The United States Postal Service will have a booth so you can add to your collection by buying coils at face value.

(Continued on page 88)

## Annual

(Continued from page 87)

The headquarters hotel attached to the Convention Center is the Amway Grand Plaza. The APS group rate is \$108 per night plus tax. For reservations call 800-253-3590. Make reservations by July 8. Two blocks away is a Days Inn for \$79 per night. Call 616-235-7611 for reservations.

The Catalog Committee will have our scanner at the PNC<sup>3</sup> booth on Thursday, Friday and Sunday to scan unusual PNC material you would like to see in the catalog. Examples of material already scanned are elsewhere in this issue. Stop by the PNC<sup>3</sup> booth anytime to exchange PNC stories.

## Letters

### Album issue gets another hearing

To the Editor:

A good stamp album is instructive, essentially complete, reasonably often brought up to date, reasonably inexpensive and is downright fun to work with. It is certainly more challenging to fill blank spaces in an album than to stick stamps in a stock book.

Lighthouse had a good coil album, even though it was a bit expensive, and did not come out with supplements often enough. Stopping its publication was a real tragedy, since there is no satisfactory album now available.

Scott has an album that is complete in a sense, and has timely supplements, but the layout is crazy. The descriptions of the stamps are inside the frame lines, so that once a stamp is mounted you can't tell much about it. Not even the Scott Number. You can't use dark mounts, and to find anything about a stamp you have to take it out of the clear mount to read what is underneath. All they would have to do is print the information outside the frame lines and they would have a satisfactory album. It shouldn't cost them any more to print it this way. Since very few collect strips of three anymore, they might also extend the frame lines to outline a coil strip of five.

I called Scott customer relations and suggested that they do this, and the girl who answered the phone was rude and incensed. She informed me that the album was perfect and that they would not consider changing it. It would seem to me that if enough dealers and collectors made these suggestions that they might get results.

Meanwhile, I will continue to write this information in pencil beside the mounts.

## Long service ought to be recognized

To The Editor:

It's nice to be noticed and particularly nice to be recognized - as in last month's C/L Letter to the Editor by Doug Iams.

For those who may not know, Joe Sedivy has been pounding out those PNC<sup>3</sup> auctions since his appointment as Auction Director by Rob Washburn, then President, from the first of 1992.

There are many more members with long histories of service to our organization and some with heads-up records of devotion. The list is more extensive than one might think!

Sometime back, I suggested to the administration that PNC<sup>3</sup> should establish a highly valued and prestigious distinguished member service award to be presented on occasion or annually to a worthy candidate. The suggestion was not acted upon as far as I know. Perhaps it should be reconsidered.

### Jim Nelson PNCs

**My inventory consists of mint PNS3, 5 & 7 strips; used PNS1 and some small hole and gum varieties. I also have most PNB's used and some mint booklets.**

**I currently have four all-new lists available:**

- 1) Odds and Ends; CPVs is a four-page price list available for a large #10 37c SASE.**
- 2) Back Number Inventory List is a 38-page inventory of every strip that I have in stock using the late John Larimer's listing sheets that listed catalog number, plate number, strip size, how many back number digits, color position, etc. This is not a price sheet. Most prices are listed in my new price list. This is available for \$3.00 refundable on the first order of \$25.00 or more.**
- 3) PNC Cover List is a 4-page price list of PNC covers currently in stock. These include both commercial and philatelic in nature. I leave the decision up to the collector. This list is available for a large #10 37c SASE.**
- 4) 0605 PNC Price List is available for a large #10 60c SASE.**

**For all 4 lists send \$4.00 refundable on the first order of \$25 or more. If you find any error in my lists, please notify so that I may correct them in future lists.**

## Reporting the Rarities

by Gene Trinks (7/05)

Some major news on the Flag Over Porch rarities this month! A Florida collector has reported (and verified with pictures) 10 (yes, that's TEN!) used copies of the 78777 10/10 die! That brings the total reported of this elusive stamp to 56. To make things even better, another used #66666 with the 10/11 die surfaced in a west coast collector's hands (only 18 of these reported so far). The Florida collector stated that he's had them for some time, but did not recognize the prizes hidden away in his collection.

I'm glad that members are taking a more active role in this census. These are true rarities comparable to the rare perforation varieties from the early 20<sup>th</sup> century always touted in the mainstream philatelic press. If you have one or more of these in your collection, you need to know it!

Other finds have been sparse this month. One more used Atlas #V12111 has turned up, and three Eagle & Shield STD #11111 with rounded shoulder on cover, with the rest of the list standing at last month's totals.

The current count stands at:

PNC Issue	PNC ID	Scott No.	Mint*	Used	On Cover
32¢ Flag over Porch ('Famous Five')					
66666 10/11 die	1996-8.221	2915A	0	18	2

(10¢) Atlas #V12111	2003-9	3770	0	9	2
(25¢) Diner #22211 round shoulder die	1998-7.21	3208A	0	45	7

• In MINT column, first number is known ps/5s and second number is known mint singles (See January 2005 issue for illustrations of the round and square corner and shoulder die varieties)

The owner of the PS5 of the Green Bike #333 with round shoulders reported last month believes that he bought it at the West Covina, CA philatelic window at the time the issue was current. Others who were in the habit of doing business there should check their holdings carefully.

I'm still looking for reports on how members who have made trades or transactions for these rare varieties have valued them. The input I get will help establish the prices in the next Values List. Reports should come to me at [gctrinks@sprynct.com](mailto:gctrinks@sprynct.com) or 3603 Bellows Ct., Troy, Mi 48083.

Keep searching, and encourage others to do the same.

Sennett's SA Lion S55555 was printed with a different size cylinder than the other plate numbers. Consequently the plate number interval changed from 21 to 20.

Ashton Potter's SA Seacoast P2222 was die cut with two different mats. One is serpentine cut on all four sides while the other has serpentine cuts on the sides and straight cuts on top and bottom.

● In printing the SA Seacoast with cylinders P2222, P3333 and P4444 Ashton Potter changed the cylinder size from that used to print P1111. Consequently the plate number intervals changed from 22 to 27. P3333 & P4444 have small date and color laydown BCMY.

■ The Kestrels differ in the order of color laydown. Colors are black, yellow, cyan and magenta, Type I sequence is BYCM. Type II is BCYM. Type III is YMCB. The color order shows in the plate number.

## Puzzlers

By Frank Covey

Gene Trinks provided this scanned image while at the Plymouth Regional Meeting. It is obviously a green on gold non-denominated American Eagle (PNC ID 2003-6), but what is the source and purpose of the black 7-digit number just above the eagle's head?

**Why is 0015522 on this coil?**

Above is the "Ski slope" variety of the 25c Yosemite with plate number 5 from Conrad Keydel's collection.

Note the tree tops above USA are missing and that the unprinted area continues through the trees to the left of USA giving the impression of a mountain ski slope.

A normal Yosemite with plate number 8 is shown above for comparison.

The Catalog Committee wants to scan items like the "ski slope" for inclusion in the PNC<sup>3</sup> Catalog. Bring your constant plate varieties to STAMPSHOW.

A listing of scheduled Regional and Annual Meetings will be published in *Coil Line*.

Regional Meetings are to be arranged through RMC Chairperson Tony Willson who will coordinate PNC<sup>3</sup> meetings and also supervise the PNC<sup>3</sup> slide programs. Anyone who wishes to host a regional meeting or check out one of the slide programs can write to Willson at: 1041 Bradcliff Dr, Santa Ana CA 92705-2334. He can be reached by e-mail at: **ANTHONY.WILLSON@WORLDNET.ATT.NET** or by phone at (714) 544-6799.

**Saturday, Aug. 6, Stampshow,**  
Grand Rapids, MI, Annual Meeting.

The general membership meeting is at 2 p.m. in room G103. The club has the room for two hours.

Introductions are general following by reports on club operation, a chance to ask questions and share information. The session usually ends with members trading material or making inquiries who might have material of interest.

The board meets at 9 a.m. in room G106. This meeting is open to everyone. Financial reports, a discussion of dues, projects and the nuts and bolts of the operation are discussed.

The Amway Grand Plaza is the show hotel and is attached to the Convention Center. There is a Days Inn two blocks away and numerous other hotels in the area. Lake Michigan is an easy drive for those who may have others in the family not interested in stamps.
